

SOCIAL AND PERSONAL

Miss Grace Ewan has gone to College.

Mr. H. S. Bird spent Thursday in Norfolk.

Judge D. G. Tyler was in Williamsburg Friday.

Mr. M. O. Elton, of Toano, spent yesterday in town.

Pres. Lyon G. Tyler was in Norfolk Wednesday.

Miss Lucile Maupin is paying an extended visit to Crittenden.

Mr. J. F. Randolph was in Richmond on business Wednesday.

Miss Grace Slater has returned from a delightful trip to the mountains in the vicinity of Charlottesville.

Mr. S. L. Magill left Tuesday for Westwood, N. J., where he has secured a position with the Regal Sack Co. His family will remain in Williamsburg for the present.

Mrs. R. T. Armistead and her daughter, Miss Julia, and granddaughter, little Virginia Hardy, returned Tuesday from a delightful visit to Dr. and Mrs. W. R. Jaeger, in Gloucester.

Sent to Jail for Trespass.

Justice A. W. Jennings, of Toano, Monday heard a charge of trespass against Frank Haven, young white man, and in default of a fine of \$10 and costs he was sent to jail here.

It appears that Haven was really arrested for acting as a labor agent without a license. This charge was not pressed. It is alleged that Haven first hired himself to Mr. Hickler, a railroad contractor at work near Toano, and that he tried to induce the laborers to leave Heckler and go to another contractor down towards Newport News. Quitting Heckler, he hired himself to another contractor near Toano, L. T. Chisholm, and there solicited laborers to go to his employer down the road. The laborers told what he was doing, and the arrest followed.

Haven had an order on the Toano railroad agent for all the tickets he needed. The contractor he is alleged to have been at work for is well known throughout this section.

George Eaton Richardson.

Mr. George Eaton Richardson, ex-sheriff of this county and city, and postmaster of Toano, died this morning at 12:40 o'clock. Mr. Richardson was in his 77th year.

He was born and raised in James City, and no man was held in higher esteem by every citizen in this section than he. To know him was to love him.

He was a valiant Confederate soldier, and was a member of the gallant James City cavalry. He married Miss Elizabeth Hankins, of James City. She survives him with six children, Messrs. William H., Walter B., George R., Leroy L., Lightfoot and Mrs. Hicklin.

The funeral will take place tomorrow morning at 11 o'clock from the residence, and the interment will be at Olive Branch church.

To the Trustees of Williamsburg Baptist Church.

Gentlemen:—We take the liberty of telling you that every church will be given a liberal quantity of L. & M. paint whenever they paint.

4 gallons L. & M. mixed with 3 gallons linseed oil will paint a moderate sized house.

Boulevard Budget.

Boulevard, Va., October 4.—Our school is in session now with Miss Evelyn M. Barnes as teacher. She reports a good attendance and every thing points to a favorable school year.

Mr. N. C. Nelsen brought down a party of land seekers last excursion, from Stoughton, Wis.

Baby Gilliam is suffering somewhat from a severe burn he got some days ago. We hope to see the little fellow entirely well soon. He and his mother are staying at Providence Forge to get the benefit of Grandma Richardson's nursing for a few days.

Mrs. Sam Burnette was quite sick last week, but is much improved now. Baby Sam keeps well and is a promising youngster, so his father says.

Torseland Bros. were Richmond visitors one day this week.

Richard Mountcastle our tug captain, is on the move these days towing different crafts up and down the river. Richard is a hustling young man and we wish him much success.

Bradley Bros. are busy most night and day attending to their customers in the fishing and hunting line. They report fishing good, but sora scarce.

Mr. N. C. Nelsen made a business trip to Newport News Monday.

Mrs. Briggs, mother of G. S. and Raymond Briggs, was in town a few days last week stopping at the Windsor.

Some of our farmers who have cowpeas and other forage exposed to the weather, are complaining that it is impossible to save it on account of so much rain.

Miss Clara Liendalen, who has been visiting in New York City for some time, has returned home.

Shipping—Arrived: Schooner Effie K. Coulburn, Norfolk, light. Sailed: Schooner Geo. W. Andersen, ties, New York; Harry Shepherd, Lumber, New York; Effie K. Coulburn, creosote ties, Norfolk.

No School at Springfield.

Greatly to the disappointment of many people in Bruton district, school No. 8 (at Springfield), has not been opened, and there are no signs of its opening this session. Last year there were from fifteen to eighteen pupils in attendance at his school.

The people in the neighborhood are waiting anxiously for Superintendent J. S. Phillips to order this school open, and to send them a teacher. Mr. Phillips has been taking a great deal of interest in schools in the lower part of the county, but seems to have lost sight of the fact that Bruton is a part of York.

The people in the neighborhood of School No. 8 (white) are waiting for the doors to open.

Many will Attend the Fair.

Many people from Williamsburg and all the Peninsula counties will attend the State Fair and Horse Show in Richmond next week. The fare from Williamsburg will be only \$1.95, round trip, which includes one admission to the Fair or Horse Show. Tickets are on sale today good until Oct. 15th. This is the revival of the Old State Fair and will be the best that Virginia has ever had.

On Thursday night, the 11th, the Odd Fellows will parade. Hamilton Lodge of this city will be represented in the parade. Abou Ben Adhem Lodge will be the host of visiting Odd Fellows, who will be royally entertained.

Ran Wire in His Foot.

While running along the street Wednesday afternoon, Carlisle, the young son of Mr. B. F. Wolfe, struck a piece of wire with his bare foot. The wire entered the foot between the toes and buried itself three or four inches in the flesh. Dr. J. M. Henderson had to cut the wire out. The little fellow suffered intensely, but is getting along all right now.

Quality Did It!

The fact that SCHNAPPS is so widely imitated only proves that it is the best chew—the standard flat plug. Other plugs are made to imitate the size and shape and color of SCHNAPPS—other tags are made to look like SCHNAPPS tags—yet there are more pounds of SCHNAPPS chewed annually than all other similar tobaccos.

Schnapps

SCHNAPPS is made of only choice selections of well matured, thoroughly cured leaf, and in factories as clean as the cleanest kitchen, situated in the very heart of the greatest chewing tobacco growing country, by men of life-long experience in tobacco manufacturing, and who have directed the R. J. Reynolds Tobacco Company since 1875.

SCHNAPPS has the pleasing, appetizing aroma which created and popularized the fondness for chewing. Expert tests prove that it requires and takes a smaller amount of sweetening than any other kind—and has a wholesome, stimulating and satisfying effect on chewers.

Internal revenue statistics show that SCHNAPPS and other of the Reynolds brands won enough chewers in one fiscal year to make a net gain of six and a quarter million pounds, or one-third of the entire increased consumption in the United States on chewing and smoking tobacco.

Be sure the letters on the tag and under the tag spell S-C-H-N-A-P-P-S, and you will have the genuine.

Mahone-Taylor.

Mr. James H. Mahone, formerly of York county, but now of Newport News, and Miss Lou Taylor, were married Wednesday afternoon at 4 o'clock at the home of Mr. James Philbates, near Lightfoot. The ceremony was performed by Rev. D. T. Merritt, of this city. The young couple left on the evening train for Newport News where they will make their home.

A Runaway Team.

A two-horse team belonging to Camp Admiral Harrington ran away Thursday morning and collided with the lamp post in front of Person's jewelry and music store. The lamp post was broken in two and the lamp demolished. The only damage done was to the wagon, and that was slightly damaged.

Your Uncle Sam will have to go into his bottomless pocket after about \$15. This is the second accident of the kind the lamps have met with since they were installed six years ago. They should be removed from the middle of the street.

Paints used on the sea coast should be harder than those used in the interior because of the action of the salt in the atmosphere. Paint in those parts of the country where it must stand severe cold and frost of winter and intense heat of summer must be softer, more elastic than that which is subject to great heat all the time. We have the paint that is perfectly adapted to the conditions of this climate and guaranteed to be absolutely free from all forms of adulteration. The pigment base of white and light shades contains 66-2-3 per cent. of lead and 33-1-3 per cent. of zinc oxide, ground and thinned with purified linseed oil and oil dryers. Sold subject to chemical analysis. Griffin & Rolf, Paint Dealers and Contractors.

A Painless Cure of Curable Pain

Never resign yourself to suffer pain. Women's pains are curable. They are the sign of dangerous conditions of the female organs, which should be promptly attended to or dangerous results will follow.
